THE STORY OF THE BELL COTE

During the Seventy-fifth Anniversary celebration the Navy returned to Mount Vernon the bell which had been appropriated in 1942. Standing beside Rear Admiral Glenn B. Davis is Miss Anne Ames who is inspecting the bell on which her name is inscribed.

The name Bell Cote (which is a bell tower) originated from the first plans drawn up for our present school. In these plans a bell cote was to be included, so the students then attending Mount Vernon changed the name of the yearbook from *Cupola* to BELL COTE. Unfortunately the bell tower was not built but with the return of our old bell perhaps it will be done some day.

LEND-A-HAND

Lend-A-Hand is the philanthropic organization of our school which encourages contributions of time, effort, and money to worthy causes. Its membership comprises the whole student body and is governed by a board made up of a representative from each house. This board has regular meetings at which time contributions to various charities are decided upon.

Lend-A-Hand is particularly interested in children's organizations and the child's education. It has adopted through the Foster Parent's Organization, a little girl from Sardinia to whom the college students have enjoyed sending gifts and writing letters.

At various times the college girls have spent their afternoons at Hillcrest Village entertaining the children in the orphanage and helping the teachers as much as they could. Christmas stockings were filled with candies, fruits, and nuts and sent out from the college girls and preps.

Also at Christmas time, each prep girl was responsible for sending one gift to the Euclid Street Home, and the college girls sent for each child another package containing a towel, toothpaste, and a pair of socks. The packages were wrapped separately with individual cards so that each child received a gift and a utility package.

When the girls came back from Thanksgiving vacation they brought all the clothes and toys they could muster to be sent to the Industrial Home for small children.

Early in the spring, twelve or more college girls took Red Cross Hostess Training courses and when the Glee Club and various other groups presented skits and musicals at Walter Reed Hospital for veterans, those girls served as hostesses.

At the beginning of each year, each student pledges an annual sum from which contributions are made to the Community Chest, Red Cross, and other charities decided on by the board. This year Lend-A-Hand sent in to the Community Chest over \$1,000. Because Mt. Vernon did such an outstanding job, we received an oscar and a letter of deep appreciation from the Community Chest. While contributions made for the Red Cross and Community Chest came from Lend-A-Hand funds, at three other times during the year personal contributions are collected for the March of Dimes, Heart and Cancer Drives. In January the girls were delighted that they were able to send \$50 to the March of Dimes, collected through personal contributions.

1950-51 have been busy months for Lend-A-Hand, and we hope that through our efforts many children are a bit happier.

LITTLE THEATRE

Little Theatre gathered in September with hopes that our new gym would be finished in time for the pageant celebrating the 75th anniversary. Unfortunately the construction of the gym was delayed but the pageant went on with Little Theatre members, Dorothy Lewis, Helen Parker, Mary Landers, Lois Holtz, Janny Wilson, Louise Mullin, and Susan Sattley acting as crew.

Next on the agenda was a presentation of scenes from two plays by the new acting freshmen, Elaine Courts and Sharon Gallagher in "Stage Door," and Sidney Shaffer and Deme Warren in "Spring Parties." Shortly after these scenes the entire Little Theatre went twice to the Arena Theatre to see "Pygmalion" and "Taming of The Shrew", and following the latter we were given a most interesting and enjoyable reception by the cast.

Last, but not least, was the play, "The Flattering Word," given on May 11th as the first performance in the gym. Co-starring were: Elaine Courts and Mr. Vaniman with Marianne Arnette, Helen Parker and Mr. Carpenter in the cast. Louise Mullin and Susan Sattley got their first taste of stage directing. Immediately succeeding the "Flattering Word" were a final scene from "Mary of Scotland" presented by Deme Warren and Sidney Shaffer, and a prep play, "Aria De Capo."

Under the able direction and guidance of Miss Herriott, and with Louise Mullin's spirit behind us, we have tried to provide an organization of some ability and worth. Perhaps this year our activities were not much in evidence, but we hope they will be remembered, as the curtain will rise and fall for the first time on the Little Theatre of 1951.

WORLD AFFAIRS

The World Affairs Club is an organization, which best serves its purpose as an educative agency in the degree that it not only promotes constructive discussion of world problems, so important in this day and age, but helps to give each girl a broader viewpoint and deeper understanding of our nation's government.

Criticism is encouraged, for we feel that the more we discuss world affairs, the more we will be able to meet the crises to come in our future lives, regarding our country and our neighbors.

Our speakers this year have been The Honorable Mr. Howard Buffett, Congressman from Nebraska, The Honorable Mrs. Margarite Church, Congresswoman from Illinois, and The Honorable Mr. Wilson, Congressman from Texas.

These well-informed members of the House of Representatives gave informal talks, purposely challenging, and then encouraged debate upon current news. Through this medium, every member of the club gave and received a new outlook on our world today.

After these meetings, refreshments were served, which gave the girls a chance to talk personally with our guest and ask questions about a subject that they were interested in, other than what was discussed previously.

We hope to be able to take a field trip to New York and Lake Success before the year is out. This trip would provide a chance to see the United Nations at work and to see how all nations work together despite political and lingual differences.

Under the guidance of Miss Marjorie Day, our moderator, we hope that the World Affairs Club of 1951 has offered an opportunity to each and every member to become acquainted with the international happenings.

SOCIAL LEAGUE

The Social League of Mt. Vernon began the functions of the year by having open houses instead of the usual formal dance in the refectory. The recreation rooms of each house were decorated with much originality. Dancing and singing college songs provided enjoyment for all. A professional guitar player added gaiety to the atmosphere.

Weeks passed by and before we knew it we were looking forward to the Christmas formal to be held at the Sulgrave Club in D.C. Invitations were sent out and arrangements were made for the orchestra. The girls and their escorts supplied a beautiful picture on the Ballroom floor of the Sulgrave Club.

On March the seventeenth the Glee Club from Johns Hopkins University gave a concert at Mt. Vernon, which was enjoyed by all. The Glee Club closed their program with the singing of their Alma Mater and "Dear Old Johnny Hopkins." After the concert, a dance was held in the refectory.

Final exams were over and next came the graduation dance! This dance was held in honor of the graduating class of '51. Japanese lanterns shone brightly on the many girls adorned in their beautiful formals dancing with their escorts on the summer moon-lit tennis courts. This ended a very happy and memorable year for all.

SPANISH CLUB - - - - - *El Círculo Cultural Español*

“**N**osotros hablamos Español!” We speak Spanish in *El Círculo Español* of Mt. Vernon Jr. College. In order to give the students who are studying the Spanish language an opportunity to learn more about the culture and customs of Spain and Latin America, to increase the understanding and to promote friendly relations with the Spanish-speaking world, a club known as *El Círculo Español* was formed at Mt. Vernon. This club provides the opportunity of going to different embassies where the Spanish language is spoken, to attend lectures and art exhibitions, in order that the student may learn extra-curricularly a little more about the customs and culture of the neighbors south of the border.

Among the various embassies the club has visited in the past year are the embassies of Honduras, Panama, Cuba, and others. We have heard such speakers as Dr. Alfonso Cartins, cultural attaché of the Mexican Embassy, Professor Enrique Anderson Imbert, professor of Spanish and Spanish-American Literature, Professor Roberto Ezquenoze-Mayo of the University of Havana, Dr. Ismall Quiles, professor of Philosophy of the graduate school of Georgetown University.

In March *El Círculo Cultural Español* of Georgetown University was invited by the same of Mt. Vernon to a dance given at Mt. Vernon, which was quite successful with Latin American music and costume.

El Círculo Cultural Español of our school, under the supervision of Jose Garcia-Tuñon has been very advantageous to all of Senor Tuñon's students, and we hope it will be even more so in future years.

COOPERATIVE COUNCIL

In the winter of 1950 a Student-Faculty Committee was set up for the purpose of discussing and solving student problems. The committee is composed of the Student Body President, the Senior Class President, the Junior Class President, the Day Student Chairman, the Presidents of the Houses, three Juniors elected by the Junior Class, the President of the Junior College, the Academic Dean, the Social Dean, and the two Class Advisors. The Council functions as an exercise in democratic action and has successfully revealed that there is a common ground for discussing and solving campus problems. All groups can bring grievances and difficulties to the Committee in which they are articulated and resolved. Now a year old, the Council is an integral and dynamic part of the college life.

Chairman.....SALLY BET CUNINGHAM

STUDENT COURT

The Student Court is a judicial board established this year, composed of five girls elected by the Student Body, two from the Senior Class, two from the Junior Class, and the Student Body President, who is Chairman. It meets each Wednesday at 3 o'clock to decide the penalties for any infraction of the house and student government rules. If the offense is of a serious nature it is referred to the Cooperative Council. Minutes are kept of each meeting, a copy of which is sent to Mr. Lloyd. Because of the restricted membership our discussions are informal, and we get more done in less time.

ATHLETIC ASSOCIATION

The Athletic Association of 1950 and 51 has been a very successful and eventful one. Our President Mickey Jordan is to be congratulated on the wonderful spirit she has created among the many members who were initiated early in the fall. This was indeed a gay event. Games and skits were presented. All this was followed with a wiener roast, which was fun for all, especially those who were famished after a hard day's work of fun and play.

Fall also brought with it tennis and hockey. Our hockey varsity could have done better, but then it's the sport of the game that really counts.

Then came Winter Sports, meaning the beginning of volleyball and basketball. It was during this time that the Intramural games between the different houses on the campus began. A real battle is seen here in volleyball, and in the spring, softball; for each house would like to be awarded the honor of having its name on the bronze plaque, which is presented at the end of the season.

And then Spring . . . came and young girls' fancies lightly turned to an assortment of events.

Of course there was the softball varsity, which was cheered on through its many games. And who could ever forget our Spring Weekend, at which the A.A. sponsored a day full of excitement. With tennis, volleyball, and especially the softball game between the girls and their dates.

Other events which occurred in the Spring were the A.A. banquet, given in honor of those who qualified to be on varsity teams during the course of the year. And then, something new was added this year, May Day, which was sponsored by the A.A. Two girls were chosen from each house, and from those ten which were chosen a queen and her attendant were voted upon, while the remaining eight girls formed the court. May Day was so successful that I'm sure it will remain a tradition for many years to come.

The Athletic Association is one which has attracted many girls in past years, and will continue to be one of the leading clubs on the campus of Mt. Vernon.

SENIOR PROPHECY

February 18, 1961

Dear '51,

We have finally received enough news from the class to be able to write and tell you all.

New York seems to hold quite an attraction for '51 gals. Frances Sullivan has opened a millinery shop on Fifth Avenue. We saw Jeanne Allenbach and Helene Pepin there, and they say they are house detectives on the college floor of the Biltmore. Jane Perry has been working on her ballet and hopes to get a contract with the Ballet Russe any day. One day we were strolling through Greenwich Village, and we noticed Robin Lynch drawing caricatures. She told us that Jackie Kilbourne is still trying to wind up in the same town as that certain man of hers. Farther down in the village behind some swinging doors, we found Joan Booth giving out some inspired jazz on the piano. Oh, yes, Polly and Sparkie sent out invitations to another cocktail party in a New York penthouse. Hope it's as good as the last one was! While we were waiting at La Guardia for our plane home, we saw something wave as it whizzed by. It was Evelyn Thornton in her jet. Betty McClenaghan had seen her off and says she is becoming quite an aviator.

The other day a few familiar names in the newspaper attracted our attention. It seems that Susan Day has turned over all her cast-off men to a Lonely Hearts Club, and Betsy Benner is getting them dates. Mary Landers has finally made the news: she is chief strike promoter, enthusiastically assisted by Peggy Ashworth. Mullin and Ann Allen are under the observation of a Yankee scientist who is trying to analyze their peculiar manner of speaking. Helen Parker is president of the N. D. A. (National Debating Association) whose current topic is the reinstatement of the farmer.

We had no idea our class was so athletic. Gloria and Kitchie are gaining fame in their

bareback riding act with Ringling Brothers; and Mickey and Meredith are managing the Yankees. Now brace yourselves for a real shock: Lou Grout and Betty Hill are ski instructors at Stowe!

Ann Binns is poet laureate now. She's been writing to us in all languages, but we rely on Jan Geddes, who is an instructor of Romance languages, to translate them for us. She says she's heard from Dottie Lewis, who is running a nursery school with Petey Armistead. Margaret Wheland is soliciting funds to send children there, and Marion Wilson is acting as chauffeur.

Television seems to be a pretty prosperous business. Pat Mills and Sue Walton have a team-act with Pat singing hill-billy songs while Sue does the Charleston. Sally Bet made a campaign speech over television, too. She is running for W. C. T. U. president, and Sue Bagley is her campaign manager.

A lot of our class seem to be going into business for themselves. The Bartletts have opened a pear ranch, and Joan and Teeny are working on a formula for a ten-day growing plan or your money back. Ginger is president of a private airline from D.C. to Michigan for students who want to go skiing on weekends. Terry is running mascot supply-service for fraternity houses. By the way, if you have any problems, write Susan Lewis. She took over Dr. Anthony's job when he retired.

You ardent cartoon fans will be interested in knowing that Liz Rozzelle's dreams are at last realized. She is singing the part of Mighty Mouse's girl friend.

This is all the news we have been able to collect up until now. Please let us hear from you again soon.

Yours undaunted,

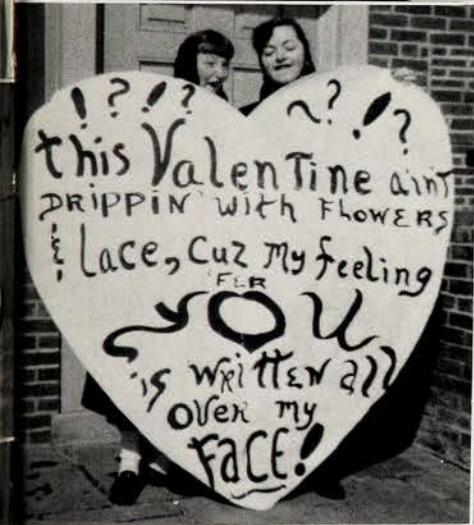

LYNN CHAPIN
SUSAN SATTLEY
